Use and spacing

1024 × 1024 master. Keep clear space at least equal to the point diameter.

Minimum: 32 px full color; 24 px monochrome. Keep icon canvas square.

Use the flat high-contrast mark on Lock Screen and Dynamic Island.

Keep exercise media, timer and actions visually first during workouts.

Typography and effects

SwiftUI uses Apple's system font. SVG wordmarks use an Avenir Next / Arial fallback.

No font binaries are bundled. Use restrained glass; keep a flat opaque fallback.

Do not add taglines to icons, stretch the mark or imply trademark clearance.

Source type: platform system font / Avenir Next fallback · Font binaries not redistributed · Trademark review pending
